Dear Mr. Prasad:

The United States Environmental Protection Agency (EPA) Region 5 office, assisted by the Illinois Environmental Protection Agency (IEPA), has completed review of the draft remedial investigation (RI) report prepared for the former South Plant MGP facility, dated October 31, 2013 (Revision 1) and modified on January 10, 2014. Based on our review of your responses to our December 12, 2013 comment letter, we have determined the subject document, as revised in your January 10th submittal, to be acceptable. Consequently, the subject document is hereby approved, in accordance with Section X, Paragraph 35(a) of the Administrative Order on Consent (V-W-07-c-877). Please proceed with submitting the feasibility study (FS) report to this office, in accordance with the schedule established under Exhibit A of the Order.
